# *A letter from the Editor in Chief*

Hello students, family, and friends!

Thank you so much for taking the time to read my sappy letter! I am honored to have overseen the creation of something interesting and rewarding that is tangible proof of our memories and good times had at Missouri University of Science and Technology!

This book would have been impossible without the incredibly talented staff and support from the Student Involvement and Leadership Center. Hats off to everyone who took a part in the creation of this incredible book!

The stories behind these pictures are much more complex than a few pictures can convey, so I implore you all to never forget the experiences, memories, and fun! This year will be forever remembered as the Best Ever at Missouri S&T. Remember that this year, a picture is worth 2014 words, but even then, that may not be enough!

Lastly I leave you with this quote:

“Never say goodbye, because goodbye means going away, and going away means forgetting.”

-Peter Pan

I hope everyone enjoys the book and cherishes it for years to come!

Thank you,

*Kathy Withrow*
